

# Fr. John Stites Grant 2010-2011

It is the desire of the administration of Kateri Catholic School System (KCSS) to be able to provide an education to as many students as possible who truly desire to be at Cardinal Stritch High School and Kateri Catholic Academy. While KCSS offers an extensive financial aid package, there are many times that regular financial aid and payment arrangements do not meet the needs of some families. Any family that would like to request special payment arrangements or apply for the Fr. John Stites Grant should complete this form.

**Only one form needs to be completed for each family.**

As disciples of Jesus Christ we are called to imitate his sacrifice. We are willing to make many sacrifices for you in order to ensure that your child receives a quality, uniquely Catholic education:

\* Our teachers, staff and coaches willingly receive only 65% of what their public school counterparts are paid.

\* We are deliberately taking care of the buildings we have rather than build new.

In turn, you will be called on to sacrifice to ensure your child receives an education that will prepare them for whatever God is calling them to.

During our conference we will want to talk about this partnership between us. Please answer and reflect on the following points so that we can talk about them.

1. What is your commitment to your faith? \_\_\_\_\_

\_\_\_\_\_

2. How is your family embracing Christ's invitation to be stewards? \_\_\_\_\_

3. In what way is your family involved in your parish/church? \_\_\_\_\_

The additional financial aid given through the Fr. John Stites Grant is contingent upon our expectations and your agreement to:

- \* Faithfully attend Mass/services on Sunday (and Holy Days if applicable) at your parish/church.
- \* Participate in your parish/church ministries.
- \* Provide a sacrificial financial gift to your parish/church.

It is understood that failure to meet any of the items listed above may result in the termination of the Fr. John Stites Grant and tuition will be revert to the original amount.
